

ENGINEERED TO LAST BEAUTIFULLY

Aspire
BY BRAVA

RESURFACING PAVERS & STANDARD PAVERS

Why Aspire Pavers?

Aspire by Brava Pavers are a simple way to create an outdoor oasis that will enhance the beauty and value of your home. Made from up to 95% post-consumer recycled content, Aspire Pavers are not only designed to inspire, they are engineered to endure. Their patented design and light weight makes installation easy. Plus, Aspire Pavers resist stains and scratches and are much more comfortable to walk on. Complete with a lifetime limited warranty against cracking in residential applications, your project is guaranteed to last beautifully.

Aspire Standard Pavers - 8"x8", 4"x8" and 4"x4" in Redwood and Boardwalk

Aspire Paver Projects

Resurfacing Projects

Elevate your outdoor area by upgrading dated design with Aspire Resurfacing Pavers. They use a patented grid system, making installation simple and can transform a variety of spaces like existing decks, or old, cracked patios and walkways. They also make the perfect solution for rooftop patios and balconies.

In-Ground Projects

Inspired to develop your own design? Aspire Standard Pavers can be used for most in-ground projects. They make the perfect solution for the new construction of patios, walkways, driveways and commercial spaces. Choose from a variety of colors and sizes.

Beauty and Benefits That Last

Aspire Pavers are made with up to 95% high performance, recycled composite material making them durable and long-lasting. And, those are only a few of the many benefits homeowners get to experience when they choose Aspire Pavers.

Lightweight and easy to carry

Put Aspire Pavers where they've never gone before. Aspire Pavers are $\frac{1}{3}$ the weight of traditional pavers, making them ideal for resurfacing decks and flat roofs.

Quick and easy installation

Our patented paver and grid system allows for installation in less than 40% of the time of traditional concrete pavers and can be done using common household tools.

Resists stains, scratches, and cracking

Aspire Pavers resist many everyday spills like ketchup and barbecue sauce. They are also scratch resistant and will not crack like most concrete, so your paver surface will last beautifully for years to come.

Warranty

Backed with the promise of high-quality that comes with the Brava name, Aspire Pavers come with a 10 year limited warranty, and an additional lifetime no crack guarantee in residential applications.

Depending on environmental conditions, all Aspire Paver colors may appear to change over time as part of the natural weathering process.

Installation That's Easy

Patented Grid System

The patented grid system not only takes less time to install than traditional concrete pavers, it makes creating patterns and designs easier than ever. Choose from five colors, three paver sizes, and a variety of patterns for a form and function that fits your home.

Basketweave

Herringbone

Running Bond

Block Lattice

Resurfacing Made Easy

Revitalize your home by transforming an old concrete patio, walkway, or deck into a new and more beautiful space with Aspire Resurfacing Pavers. Aspire Resurfacing Pavers are also a perfect way to increase usable space such as rooftops and balconies. Aspire pavers make these projects achievable for the weekend warrior, and leave your space transformed into a beautiful oasis. Our patented grid system allows you to install Aspire pavers in less than 40% of the time of traditional concrete pavers, and in resurfacing and rooftop applications, eliminates the hassle of sand, gravel and tamping. Turn your remodeling project into an easy weekend project with Aspire Resurfacing Pavers.

Transform Your Space

Resurface Patios

Tired of that boring concrete patio? Use Aspire Pavers to turn your old patio into the beautiful space you have always wanted. The patented grid system installs directly over old concrete without the hassle or mess of traditional concrete pavers. Make your space new again with the beauty of Aspire Resurfacing Pavers.

Resurface Decks

Stop painting or staining that old deck. Instead, transform your deck into a beautiful space with Aspire Resurfacing Pavers. Aspire Resurfacing Pavers install directly on top of an old, structurally sound deck surface and unlike real wood, they resist stains, scratches, and require very little maintenance.

Repurpose Rooftops

Do you dream of expanding your outdoor living space with a green rooftop patio or balcony? With Aspire Pavers, your dream can become a reality. Aspire Pavers are $\frac{1}{3}$ the weight of traditional concrete pavers and are made of up to 95% post-consumer recycled content making them the perfect green solution for your rooftop project.

Resurface Walkways

Aspire Resurfacing Pavers are perfect for those walkways that need a little TLC. Aspire Pavers resist cracking from freeze/thaw cycles and are resistant to harsh weather, mold, mildew and moisture damage. Bring the beauty back to your old cracked and stained walkway...Aspire Pavers are the answer.

Finishing Touch

Add the perfect finishing touch to your paver project with Aspire Accessory Pavers. Aspire Accessory Pavers come in a variety of styles and colors making it easy for you to customize your space to fit your own personal style. And because Aspire Pavers can be cut using a traditional jig saw or miter saw, your project can be easily customized to your space.

Resurfacing Bullnose Pavers

The Resurfacing Bullnose Pavers are great for projects where you want to create an elegant border or design detail. These pavers have a radius edge making them perfect for the stairs on your deck resurfacing project.

Resurfacing Transition Pavers

The Resurfacing Transition Pavers are great for projects where you need to transition from one surface to another. These pavers have a gradual slope making them the perfect finishing touch.

Colors and Styles

RESURFACING PAVERS – Aspire Resurfacing Pavers come in a variety of colors and styles making it easier than ever to transform your old deck or patio into a beautiful new space. To design your own personal outdoor oasis, visit AspirePavers.com
